Saint Francis Xavier Cathedral was consecrated on November 20, 1881 after five years of Interior of Cathedral construction. The original Cost of \$35,000 was contributed by the immigrant population of the area, the Bavarian Mission Society in Germany, including a donation from King Ludwig I and friends of Bishop Francis Xavier Krautbauer, the second Bishop of the Diocese of Green Bay. The architecture is Romanesque in form and was modeled on the Ludwigkirche in Munich, Germany, where then Msgr. Krautbauer was pastor before immigrating to the United States.
